

# SAINT CATHERINE OF SIENA SCHOOL

"EDUCATING STUDENTS FOR THEIR LIFE'S JOURNEY HOME TO GOD"

Wednesday, August 10, 2011

To: All School Parents  
From: Doug Lonneman  
Re: Asbestos Notification

As with many older facilities, St. Catherine was built in an era when Asbestos was considered a safe and viable building material. In recent years this practice has been stopped and buildings containing asbestos are closely monitored for safety. Part of the process is to inform parents each year that our building does contain asbestos. All of the areas are safe for children and constant monitoring and strict construction and renovation codes insure that these areas remain safe. If you have any questions or concerns about asbestos at St. Catherine, please feel free to call me at school. Thanks for your time with this issue.
